PAULUS HOME | HUDSON PLAN

ASHLAND | OHIO

This unique home uses 6" x 12" logs as well as chinking between the logs. Keep in mind, this is not a functional chinking, it's for aesthetics only. The plan is based off our standard "Hudson" design but we've added a breezeway and garage. It's a 3 bedroom, 2-1/2 bath home with 1870 sq. ft. of living space.

We've designed the breezeway to include a laundry/mud room and a half bath for guests. This allows for more living space on the main floor.
